THE TMC GAZETTE

First of all we would like to extend a warm welcome to all of the new students, we trust that you enjoyed the BBQ.

We want to take this opportunity to reinforce the importance of developing good study habits such as regular attendance, class participation, continuous preparation for assessment.

10 weeks goes by very quickly, so don't place extra pressure on yourself by having to play 'catch up' because you've missed classes, or rushing to finish your assignments.

Also please practice your English language skills. It is noticeable that far too many students are not using English outside of class. Remember

that the more you practice the better you get.

Make sure that you read the information on page 2 regarding the TMC awards and certificates.

Also worth a mention is that Greenwich is rated as the best University in London by The Sunday Times (UK).

The latest edition of the Quarterly Crunch is now out, so make sure you read it and attend the info session on the 13th.

Finally, the TMC Seminars will be starting on the 13th of October, so make sure you attend.
