

WORK IN A TEAM!

14 AUG

We have officially launched our first Workforce Skills Qualifications (WSQ) Course! Titled 'Work in A Team', this 2-day short course aims to equip learners with the skills to provide team support, while taking into consideration diversity issues. Topics also include applying effective communication techniques to achieve individual and team goals; and identifying potential areas of conflict with team members and methods to overcome them. Most jobs require us to work collaboratively, so these are skills that will definitely be put to good use.

Work in a Team is a recommended workshop for Teambuilding! We know it because we've been through it!

Activities are carefully constructed to make sure everyone is able to learn something.

Of course, all activities have to end with a presentation! #alwaysendswithapresentation

We had a chance to sit in one of the classes conducted for our colleagues and observed that there was little opportunity to practice the head-nodding exercise (also known as dozing off), because there were plenty of on-going discussions and presentations, in pairs, groups or even as a class. An online quiz was also created to spur our learners' competitive spirit – by claiming a high rank on the scoreboard. The trainer shared a lot of examples and experiences, which makes learning the terms and concepts easier and relatable. The learning process was engaging, informative and hence effective.

HOLIDAY ENGLISH PROGRAM - KIMCHI EDITION

12 JUL

Annyeonghaseyo~! This month, we welcome students from Gyeongnam Geochang University and Baekseok Arts University! These university students from Korea are in Singapore for a month, attending our Hawthorn English Holiday Program.

Apart from regular classes, we lined up an itinerary of must-visit places in Singapore, that are of historic and cultural interest.

CAPTURING MOMENTS: BASIC DIGITAL PHOTOGRAPHY SHORT COURSE

14 JUL

Almost anyone can snap a decent photo with their smartphones. With an array of editing applications, photos are enhanced at the snap of your fingers. However, some may still appreciate the beauty of taking a photograph with a digital camera, 'playing around' with the manual settings to get that perfect shot.

In the latest installment of our SkillsFuture Credit eligible Basic Digital Photography short course, learners are introduced to the functions of a digital camera and how digital images are processed.

STUDENT ORIENTATION (JULY 2018)

27 JUL

Draw some sugar, draw some spice, and draw everything nice! add them all in and you get a confused artist.

Welcome to TMC Academy! Our student orientation this term brings about the spirit of team building through simple yet interactive games. The day started with regular programming of an introduction to the TMC student experience and a campus tour.

Our students' artistic skills were put to the test with a round of blindfold drawing. Teammates have to direct their blindfolded classmate to complete a drawing of a gingerbread man outline.

Though this is the first time our students have met, the chemistry is pretty awesome!

HAWTHORN ENGLISH STUDY TRIP

01 AUG

Students from Parallel Education, China, visited TMC Academy during an English study trip to Singapore. Our young learners, aged 10 to 14, are brilliant Mathematicians but needed just a little boost in their command of the English language.

With little time on hand, the most effective way to pique the interest of our students while imparting knowledge was through fun and interactive games! Our students practised basic communication in English and challenged themselves to a couple of vocabulary word games.

THAI RATH FOUNDATION EDUCATION VISIT

07 AUG

It looked like a regular day at TMC Academy – except that we are about to receive the largest group of delegates yet – from Thailand, as part of an education visit organised by the Ministry of Education, Thailand and Thai Rath Foundation.

This education visit gathered more than 80 School Principals and Department Heads from different parts of Thailand; with the objective of understanding our curriculum and exploring partnership opportunities. Alike our education alliances, we have a common goal of promoting the importance of education and making learning an enjoyable and fruitful journey.

HAWTHORN ENGLISH WEEKEND FUN!

11 AUG

We welcomed a group of students from Thailand Anubansongkhla School who are on their Singapore Study Field Trip. The little troopers were in for a highly interactive lesson filled with group discussions and presentations with our Hawthorn English teacher, Mr Alexander Dibble.

TMC Academy's Institute of Public Relations of Singapore (IPRS) Student Chapter Members had the opportunity to celebrate National Day with IPRS and the Singapore Press Club at Hard Rock Cafe.

Mr. Robert Conceicao, President of IPRS, kick started the party with a speech. Apart from networking over amazing food and drinks, our students also learnt about the trends in the media industry today and in the future, from industry leaders present at the party; which also lays the groundwork for our future career.

About TMC Academy

TMC Academy was established in Singapore in 1981. It offers widely recognized courses in various disciplines including Accounting & Finance, Business & Management, English Language, Hospitality & Tourism Management, Infocomm Technology, Mass Communication and Psychology & Counselling.

VISION

The leading academy that develops successful and high performance graduates.

MISSION

We commit to delivering high quality courses with industry relevant skills and knowledge in a nurturing environment.

CORE VALUES

Professionalism – we uphold the highest standards of ethics, accountability and transparency

Affinity – we value relationships and see ourselves as a family that constantly supports and stands by one another

Continuous Improvement – we are uncompromising in our pursuit for excellence and strive to re-invent ourselves to stay relevant

Empowerment – we are ambassadors of our brand and each and everyone of us is responsible for creating an enriching and inspiring TMC experience
