16. Student Pass & Immigration Rules

International students are required to have a valid Student Pass to study in Singapore. The processing of student pass applications will be organised by TMC and approval given by Immigration & Checkpoints Authority of Singapore (ICA).

International students must abide by the rules and regulations set out by the ICA which includes but is not limited to, achieving the required monthly attendance. There is a strict prohibition which prevents international students from working (in any form of employment, regardless paid or unpaid) while holding a Student Pass. More information can be found on www.ica.gov.sg. Any violation of the ICA rules and any other Singapore laws will result in an immediate cancellation of the Student Pass.

Students are advised to make arrangement to travel to Singapore only after their student pass application is approved by ICA.

Students are required to make payment of SGD60 or SGD90 (depending on nationality) to ICA before collection of In-Principle Approval (IPA) letter or student pass.

International students are also advised not to enter into any accommodation contract or agreement before the student pass application is approved by ICA and MOE/CPE. This is to prevent students from incurring unnecessary penalties if the student pass is not approved and especially during the Covid-19 period.

Foreign-born children aged 12 years old and below, who are applying for the Student's Pass are required to submit documented proof of vaccination or evidence of immunity for diphtheria and measles to the Health Promotion Board (HPB) for verification, before application to ICA.

Warning letters will be issued to student and parent/ guardian when a student does not meet the minimum attendance requirement. Students will need to attend counselling sessions with the Student Services and/or Academics.

Failure to meet this requirement may lead to the following:

- **Unable to sit for assignments and/or examinations** if students do not meet the **minimum module attendance**
 - i. Full-time: minimum 80% applies to English, O level and proprietary programmes
 - ii. Part-time: minimum 60% for proprietary programmes (minimum 75% is required for SSG/IBF-funded students).

Students enrolled in External Degree programmes are subjected only to the monthly attendance requirement.

20. Student Movement Policy

The Student Movement Policy takes care of various kinds of transfer and withdrawals, voluntary or involuntary student movements that happen prior to the completion of a course. All voluntary student movement requests will be processed not more than 4 weeks upon receiving the complete set of documents.

It also includes any transfer of the unconsumed fee for all programmes offered by TMC, except programmes jointly offered with partner institutions which may be separately governed by the respective partner institutions regulations beyond the purview of TMC.

If any course fees have been paid, an addendum will be issued with amendment to the course commencement and completion date. The paid course fees will be carried forward to the new commencement date. FPS bought for the paid fees will be cancelled and re-purchased according to the new course dates. If any student pass has been applied, the application will have to be withdrawn. International students will have to surrender their current student pass for cancellation and will not be allowed to attend any classes. A new student pass will be applied and all administrative fees apply. International students may need to return to their home country until the new student pass for the new course is approved by ICA.

In the case of course transfer, any unconsumed fee from the current course will be subject to the refund policy and any amount that is non-refundable may be considered to be credited to the next course for successful applications.

▪ Module Transfer

Module Transfer refers to transfer of module from one term to another.

Students will need to inform TMC in writing and all applications are subjected to approval, as the examination sitting pattern may be affected. Administrative fees apply.

▪ Course Withdrawal

Once the application is processed, the students will be given a letter confirming the withdrawal; the Student Contract will be terminated and the student is no longer deemed a student of TMC. The Fee Protection Scheme account will also be terminated.

If the official notice of course withdrawal is not submitted, the student is still deemed as an active student and is liable for the course fee.

International students must surrender their student pass for cancellation immediately upon approval of the withdrawal request.

Advance instalment payments may be waived if withdrawal is made before the next instalment is due.

▪ Course Intermission

Students may take a course intermission or temporary break in their course, for a maximum of 6 months. The Student Pass will be cancelled if an international student applies for a course intermission that is more than 3 months.

In the case of non-payment, TMC may refer these students' cases to the Small Claims Tribunal.
